## Shifts and availability

### **Do I have to take every job offered?**

No. We'll only put you forward for roles that fit your preferences. You're in control of where and when you work.

### **Can I work part-time or just a few days a week?**

Yes. Many locum roles are flexible. Let your consultant know your availability, and they'll match you with suitable positions.

### **Can I work weekends or evenings?**

Some services offer extended hours, but most OT roles are Monday to Friday, 9–5. If you're looking for out-of-hours work, let us know and we'll look for those roles.
